01 / THE PROBLEM

The industry *extracts*. Then it moves on.

Traditional agencies squeeze cash fast, over-sexualize, ignore brand equity, and leave the creator with one burned-out income stream.

Burnout gets treated as churn. We treat it as the #1 preventable business risk.

02 / WHO WE ARE

First-of-its-kind. Built around the *whole* creator.

A full-service management, marketing, and event-production agency with one core promise: **comprehensive 360° management plus wellness support, maximizing earnings while building an authentic brand that lasts.**

03 / THE SIX PILLARS

Six pillars. *Zero gaps.*

01	**Paywall monetization**	Full revenue operations on OnlyFans, Fansly, Fanfix, and OFTV: pricing, retention, daily KPIs.
02	**Social monetization**	Platform programs beyond the paywall, including under-tapped bonus surfaces.
03	**Marketing & promotion**	Viral-engineered calendars, analytics, repurposing, amplified by the 2,000+ page network.
04	**Events & content houses**	Houses in LA & Miami, shoots on demand, concerts, retreats, travel trips.
05	**Brand deals**	Press kits, established partnerships, analytics-driven outreach.
06	**Wellness division**	A dedicated Wellness Director: mindfulness, red-light therapy, massage, yoga.

360°

MONETIZATION TO WELLNESS. ONE TEAM.

04 / YOUR TEAM

Two people wake up thinking about *you*.

A roadmap that ends in *equity*, not exhaustion.

09 / THE DEAL

We only win when *you* win.

01 /

Performance-aligned revenue share

ALTR earns when the creator earns. The take scales with the growth we actually drive. No big retainers, no upfront management fees.

02 /

Month-to-month by default

We retain by results, not by lock-up.

03 /

Transparent add-ons

Account recovery, verification, press, promotion. Scoped and billed transparently as needed.

04 /

Full-platform onboarding

New creators feel the whole machine from day one.

Brands, not accounts.
