Still-Banned Leads — Dead-Deal Revival Call Sheet

Generated: 2026-07-29 · **Source:** 127 analyzed ALTR group chats

Contains client PII — do not commit to git.

How to read this

- **Still down** = the Instagram profile does not resolve today. That means banned **or** deleted **or** renamed — it is strong evidence the client still has the problem, not proof of a ban.
- **Back up** = the account resolves now, so they likely solved it elsewhere. Deprioritized, listed at the bottom for reference.
- Sorted by the price ALTR itself quoted — the best available proxy for deal size.
- `reseller: yes` means the phone belongs to a middleman/agency, not the account owner — pitch them as a partner, not an end client.
